## Match report.

Fantastic weather greeted us at Southport Old Links, after some slight confusion before the start with numbers of players, As Captains for the day, Allan Harrison and I decided to step down and follow the last pair out, though no fault of his own a NWSS player did not realise he was down to play, ( my fault )) I forgot to confirm with him he was playing, however Alan and I did odd or even to see who would step up to play Allan I'm glad to say won, and although Captain of SDGA his quality along with our back to his best Stuart Bourne proved to strong for the Southport pairing who were drafted in at the last minute. Having a buggy I drove round like Lewis Hamilton to catch up and try to encourage my team on, I witnessed some fantastic golf, with Southport fielding a scratch and plus golfer along with several low handicappers they proved to strong for us and finished up worthy winners with a score of 4&2.

I big thank you must go to Craig Dickinson of Southport Old Links for his sterling work getting us courtesy of the course which was in super condition considering the lack of rain with greens that ran firm and true, and to the club for making us welcome, finished of by a wonderful meal, And a big thank you to our NWSS Captain Allan Harrison for organising super day.
